

DEC 10 1946

MEMORANDUM TO: Chief, Interdepartmental Coordinating
and Planning Staff

SUBJECT: Intelligence Information Collection Plan Pertaining
to International Conferences and Meetings

1. Unnumbered draft Operations Memorandum, subject as above, has been reviewed in this Office together with the memorandum and Tab A submitted by the Assistant Director for Collection and Dissemination.

2. Comment on paragraph 2b of the draft memorandum: It is suggested:

a. That the member agencies as well as ORE should be consulted as to the conferences or meetings which are to be considered as possibly productive of national intelligence information.

b. The action of OC&D in this connection should be to ascertain the views of ORE and the member agencies.

3. It is therefore suggested that this subparagraph be rewritten as follows:

"In consultation with ORE and the member agencies, OC&D will determine what conferences or meetings are considered as possibly productive of national intelligence information."

4. This Office concurs in the revision of paragraphs 2c and 2d of the draft as suggested by the Assistant Director for Collection and Dissemination in Tab A of his memorandum of 22 November 1946.
